

2022-2024 Strategic Plan

Mission

With the outdoors as a backdrop for learning, Keystone Science School inspires curiosity and critical thinking through the lens of science to change lives and strengthen communities.

Core Values

We change lives.

We foster open, honest relationships.

We are different together.

We strive for excellence.

We find joy in teaching and learning.

We ask questions and seek solutions.

We are accountable.

Enrich

Invest in systems, facilities, and programs to sustain impact long into the future.

Refine programming structure and curriculum while building long-term reserves and a donor Legacy program.

Begin planning for the remaining workforce housing on campus to improve retention and continue to attract the highest quality staff team.

Elevate

Prioritize KSS's commitment to justice, equity, diversity, and inclusion across all parts of our work.

Build and implement a multi-phased strategy to ensure KSS is a place of belonging for all participants, staff, and board members.

Expand

Bring programming to audiences beyond our 23-acre campus, engaging communities across Colorado.

Invest in staff and board recruitment and training to strengthen our foundation and build capacity for the future.
