END OF TRIP GEAR

- Deodorant
- Shampoo/conditioner/soap
- 1 comfortable outfit (cotton ok) for wearing at camp: T-shirt, shorts and sandals

Although the days in Colorado are typically sunny and warm, the weather can change rapidly and the evenings can be surprisingly cool, sometimes near freezing. Frequent afternoon thunderstorms and even rare snow storms make good rain gear and warm clothes a must.

During the first day, an instructor will go through every piece of gear for each student to ensure that each student is set up for success on their trip. If in doubt, pack extra and our instructors will help sort out relevant gear for the trip.

If needed, we have extra used gear that we can let students borrow including backpacks, sleeping bags and pads, footwear, rain gear, and more. If finding the right gear is a challenge, please reach out and we can likely provide these things for you!
